Very addicting, steep learning curve. Despite it's age still holds up.. "Kaboom"

This game is just great!

Graphics are great, and most important thing is physics makes it look very nice and sometimes make you think even more than you thought you need.

+++Physics are just awesome in the game

+Graphics are good.

-Puzzels aren't so challenging but are not so much easy.

--Animation takes sometimes too much time and you will just find yourself waiting and waiting

Final Score: 7.5/10. Not my kind of game: Arcadey and repetitive. Guns play like toys. No two handed gunplay at all, neither dual pistols nor two handed rifled. Only wave mode and predefined challenges.

If you like trying for highscore again and again, this may be for you. Except for that, there is not much in this game. The general experience is polished though.. Will someone make a good football game for the pc!!!!!!!!!!!!!! GOOD DANGIT HOLY NATURE , i got some real fat grizzly bears here , iiiiiiiiiiiihooooooooo LIVE ACTION IHAAAAA!. While the game is charming and the graphics are alluring (if you like the neon aesthetic), the controls and overall gameplay are just unbearable. These are the most clunky platforming controls I've ever encountered, especially when it comes to swinging. There's no real precision and through the entire stretch of the game I made it through I found myself frustrated.

To make matters worse, the "creatures" don't follow each other. This means you have to basically do everything in the game twice, back to back, to finish the levels. I'd much prefer the Trine approach, where you could swap characters on the fly.

Overall the game was somewhat enjoyable. I gave this one a fighting chance because I could tell there was a vision in this and there was a certain charm. Unfortunately, even after forcing myself through 3 hours of the messy controls, I just couldn't push myself to finish it. Can't really recommend it. It's pretty to look at, but frustrating to play.

Worst game in my 1400 library. Controls dont work, options dont change.. hey yo pretty fun game :). enjoyable game, amazing soundtrack and well designed.. This game is short (I beat it in two hours), but it's very cute, a lot of fun, and a great way to pass an evening.. Great Game! This game is very unique and enjoyable, try it out for yourself!
